

**Position:** Machining Assistant

**Location:** Independence, KY

**Position Type:** Full Time

**Reports to:** Lead Machinist

**Purpose:** Assist Lead Machinist with repair of Flottweg parts

**Responsibilities:**

- Assisting machinist with repairs while training on current Flottweg repair practices.
- Assisting with maintenance on machining equipment.
- Sandblasting of parts as required.
- Facility tasks that could include but not be limited to shelf installation and area clean-ups, etc.
- Interface with Engineering on any necessary items and/or implement any mechanical or process upgrades to existing equipment
- Pay attention and adhere to Flottweg in-house safety policies and requirements.
- Make sure work areas are clean of debris or waste at the end of every workday.
- Participate as required in inter-company (FW USA) and intra-company (FW USA & FW Germany) training programs.
- Assisting in inventory counts as requested

**QUALIFICATIONS:**

- Comfortable around large metal removal equipment.
- Good attitude and willingness to learn a trade.
- This role will require a well-rounded mechanical background. Basic tig welding, fabrication and machining experience is a plus.
- The position will require the candidate to become an internal expert of Flottweg parts.
- An ability to handle projects that are time critical and ever changing is essential.
- English fluency required.

**Eligibility:**

- Must be legally authorized to work in the United States.
